

REMOTESITE SOLUTIONS

Company Information

Remote Site Solutions (RSS) was founded in 2005 out of the necessity to provide comprehensive, professional services to organisations that are involved in operations in remote or hostile locations where hospitality and life support services are not readily available.

Remote Site Solutions is now established as one of the leading camp solutions providers, dealing exclusively with the Middle East and Africa territory.

Our solutions are implemented with the deep-rooted objective of creating strong relationships with our clients by providing exceptional service and perpetual support. Our Total Quality Management ideology is core to the success of not only our business but also our clients.

Our stakeholders are our priority and these include local communities and the host governments of each of the countries where our projects are based. We focus on the empowerment of local individuals through employment as well as awareness, consideration and respect to the economic, social and environmental variables within the project boundaries and countries concerned.

The team has vast knowledge and experience of working across the Middle East and Africa. Their ability to understand and cater to national and cultural diversities has proved vital in ensuring the smooth operation of remote projects or special events.

A “Can Do” attitude and willingness to embrace new challenges is part and parcel of Remote Site Solutions culture and ensures that we “Get The Job Done”.

We at Remote Site Solutions understand the need for our clients to concentrate on their core business disciplines whilst leaving the matter of camp or facilities services to a highly experienced and professional company.
